PROJECT DESCRIPTION

The Cultural Alliance of Western Connecticut (The Alliance) and Third-Space Danbury, invite artists or artist teams to submit design proposals for a design and installing a large outdoor mural at Rogers Park, Danbury, CT. This mural will be the first of a citywide series of public art installations for Third-Space Danbury, which aims to foster connection and social cohesion. The project is underwritten by the City of Danbury. The selected artist or artist team will receive a contract from The Alliance for the design and implementation of the Mural. The selected artist or team will handle all costs including artist fees, materials, installation, travel, meetings if required, contingencies, and any other associated incidental costs.

THEME: Roots and Wings: A Celebration of Community

In the heart of Danbury, where roots intertwine and wings take flight, we envision a mural that embodies the vibrant tapestry of our community. This artwork will celebrate our cultural diversity, showcasing the myriads of languages, traditions, and stories that shape our identity. It will illuminate the connections we forge with one another, capturing the joyous moments shared by children and families—scenes filled with laughter, learning, and communal gatherings.

This mural depicts aspirations of a thriving arts scene, featuring the rhythm of music, the energy of performance art, and the creativity that unites us. Every brushstroke will reflect our commitment to inclusivity and the nurturing of community well-being, creating a visual narrative that resonates with all who call Danbury home.

With a vibrant, uplifting color palette that is both sustainable and social media-worthy, this mural will serve as a beacon of inspiration, inviting everyone to celebrate the roots that ground us and the wings that uplift us. Together, we will create a lasting tribute to the spirit of Danbury, where every voice is heard, and every story matters.
